Capt. Mohammed Helauddin
Commandant, Marine Academy
Chittagong

Dear Commandant Shaheb,

Assalam-Alaikum O'rahmatullah. I am back at my base in New Jersey and had discussion with our C.E.O., Mr. Ghulam Suhrawardi, about the donation of books to your academy. We have already issued instruction to ship the balance consignment of books.

As referred to by our Engr. Matiul Mawla, we agree to foot the bills for the entertainment of officials from Ministry of Shipping visiting the Academy for the formal presentation of the 'gift books'.

During my visit to your academy, Engr. Sajid Hossain also mentioned about a shortage of computers at the Academy. I did discuss the subject with my C.E.O. and I advise you to kindly forward a personal request letter, addressed by name to our C.E.O., from the Ministry of Shipping (if practical) and we shall definitely look into it.

It remains always a matter of interest and cordiality for our C.E.O., who is a former alumnus of your academy, to be of some service to your academy, which is nation's pride and a prime and only institution of its type in Bangladesh.

I thank you and your Engr. Sajid Hossain very much for the audience with you and the tour of the Academy's facilities thereafter. I look forward to more visits to this valuable and prestigious landmark in the future and wish to be of some service to the Academy at all times.

Our C.E.O./President, Mr. G.M. Suhrawardi, wishes that I convey his greetings to you and thank you for the letter of appreciation sent to him. I am sure that he would like to communicate with you personally upon his return from Fiji.

Please find herewith the list of books we will be sending at this time. We would always appreciate your communication and you may use the good offices of our Chief Executive and the organization for the benefit of this Marine Academy and Bangladesh.

With warm regards,

Nasrullah Chowdhury
Director (Marketing and Corporate Affairs)
